Shape Puzzles

Skill: Recognizing and Assembling Shapes

Materials: scissors; shape puzzles (pages 116–120); envelopes; pencil

Teacher Preparation: Cut out each shape puzzle. Color and laminate the puzzles, if desired. Put the pieces of each puzzle in a separate envelope and label the outside of each with the appropriate shape. Label the back of each puzzle piece with the correct shape to help keep puzzle pieces organized.

Shape Puzzles

Student Directions

1. Choose an envelope and remove the puzzle pieces.
2. Assemble the pieces into the shape shown on the front of the envelope. Say the name of the shape aloud.
3. When the puzzle is complete, return the pieces to the envelope and choose another puzzle to complete.
4. Continue until you have completed all of the shape puzzles.
